Dear Ham:

I got back from Europe yesterday after a most interesting trip and hope that I will have a chance to see you in the near future to talk it over, and also have a chance to get to know your bride.

I see that the Council is giving a dinner for Anthony Eden on August 28. I shall make every effort to be there.

Sincerely,

Dear Allen:

Carded
I have received a letter from Jack McCloy, a copy of which I enclose. It occurs to me that you may be acquainted with Count Della Rocca, and in any case that you may be interested in knowing of his whereabouts and plans.

As I think I have told you, I am planning to sail for France on August 4th. I expect to see General Eisenhower to discuss the Lindsay Rogers report, etc., and later to go down to Spain for a look around. Tom Betts is planning to meet me there with his car and we hope to get about the country a bit. If I can do any errands for you either in France or Spain, let me know. Ham will be here while I'm away and George Franklin also.

With best regards,

Sincerely yours,

W. H. Mallory

Dear Mallory:

Here is a letter from Count Della Rocca, whom I have known for a long time. I think the contents explain themselves. He made quite a record with the United States Forces during the Italian invasion. Before that he was associated with many Americans in business matters, during the '28 - '29 period he represented American banking interests, and at one time he was in the Italian Government. His background is very wide and apparently he has some money.

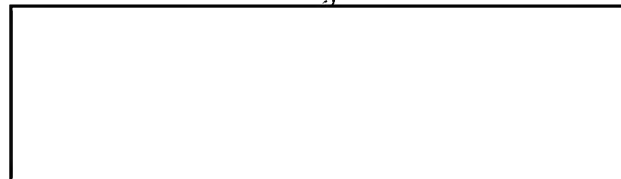

I think that if he could find a spot in some international field he ought to be encouraged because his background is somewhat unique. I have written a letter to Foster Dulles about him as well, but I would greatly appreciate it if you could, with your wide contacts, give him some good steers.

Sincerely,

sgn. John J. McCloy

My dear Jack:

I am leaving for New York and Cleveland on the 18th, invited by the World's Committee of the YMCA, to represent Italy at the Centennial YMCA Convention taking place in Cleveland, beginning June 21st. I shall be in the United States for several weeks and would like to contact some people for the purpose I outlined to you in Frankfurt. On that occasion I was interested in finding that you fully agreed with me about the great scarcity of men really able to "think in international terms" mastering several languages, having lived in many countries, and apt to really understand international affairs. Such qualities are indispensable requisites for the real "liason work" between Nations, and it is indeed important for the U.S. leaders to have at their disposal a group of such internationally minded men (preferably of diplomatic training, but not professional diplomats).

I think I do not commit a sin of lack of modesty if I say that I possess these qualifications, as shown by my past record, and I believe that even the relatively limited scope of my work with the American Forces has confirmed it.

I would consider it a good conclusion of my life's work to devote myself to a task in which I really believe (western cooperation under the leadership of the U.S.), even at the price of expatriating for some time.

Can I remind you of your promise to write or, even better to speak to Mr. Foster Dulles and perhaps to other leading men of the U.S. of the UNO, a.s.f.?

Could you be of advice and guidance to me in this matter and make it possible for me to get in personal touch with any of such persons during my stay in the United States.

I shall try to speak with you by phone. Thank you ever so much, dear Jack, for whatever you will do for me and please don't forget to drop me a line at the following address:

c/o Mr. Thomas Blake
International Tel. & Tel. Corp.
1025 Connecticut Avenue
Washington, D.C.

Please accept my heartiest thanks in advance and believe me with kindest thoughts.

Yours faithfully,

20
